

REMARKS

This Amendment corrects reference numeral informalities in Figures 2C and Figure 5A. Replacement sheets with the corrections are attached to this Amendment. In addition, new formal drawings with the replacement sheets are being submitted with the Issue Fee Transmittal to the Draftsperson.

In addition to the amendments to the drawings, the title has been amended to reflect the claimed subject matter. The amended title was previously submitted with the Amendment dated July 15, 2004. However, the Notice Of Allowance contained the original title.

Also in the specification, a patent number has been added in the "Cross Reference To Related Applications" for the parent case, which has issued as a patent.

Entry of the amendments to the drawings, the title and the specification is requested. Should any issues remain, the Examiner is requested to contact the undersigned by telephone.

DATED this 8th day of October, 2004.

Respectfully submitted:
